

Coin-Grip

Specifications

June 2007

<u>Description:</u>	A coin or circle top textured rubber matting / flooring which is designed for added traction and appeal to modern aesthetic sensibilities. This is a rolled rubber flooring product, which is available in seamless lengths up to 50ft.long.
<u>Material:</u>	SBR, Reclaimed and Recycled Rubber products
<u>Width:</u>	48 inch
<u>Length:</u>	50 ft rolls (custom lengths available)
<u>Thickness:</u>	3mm or 0.12 inch, & 6mm or 1/4 inch thick
<u>Weight:</u>	3mm 0.9 lbs per square foot, 6mm 1.8 lbs per square foot,
<u>Hardness:</u>	60 Shore A Nominal
<u>Flame Spread:</u>	Less than .50 inch/minute
<u>Compression:</u>	36% @ 50 psi
<u>Tensile Strength:</u>	600 PSI
<u>Coefficient of Friction:</u>	(Dry - .085) (Wet- .073)
<u>Available Colors:</u>	Black
<u>Applications:</u>	Alleys, Animal Transporters, Anti-Slip Surface, Pet Bedding, Bathrooms, Boats, Commercial Aisles (e.g. factories or department stores), Concrete Deterioration Prevention, Industrial Corridors, Entrance-Ways, Escalator Aprons, Factories, Garages, Greenhouses, Gyms, Medical Centers, Noise Reduction, Non-porous Surface, Public Buildings, School Facilities, Shop Floors, Sports and Leisure Centers, Store Rooms, Van Loading Floor Areas, Vapor Barrier, Walkways, Work Areas.
<u>Excellent Traction:</u>	The Coin-Grip offers excellent traction through its coin top rubber or hi-stud protrusions. Also the natural high coefficient of friction found in this rubber adds to the grip which this round-top runner offers. The embossed coin pattern is designed for medium to high traffic areas where added traction is ensured with the raised studded or knob surface.
<u>Modern Design:</u>	This modern sleek low-profile and non-directional look makes the Coin-Grip an excellent choice in rubber flooring. In commercial applications where surface traction from a multi-directional and easy to move flooring is required, the Coin-Grip is an excellent aesthetic choice.
<u>Permanent installations:</u>	For most high traffic applications, the Coin-Grip should be permanently installed with a polyurethane based adhesive (such as Chemrex® CX-941).
<u>Temporary Installations:</u>	For temporary type fixtures, this product can be installed with Orcon's DS-PS, a double sided sealing tape. By securing the boundaries of the rolled product, the semi-permanent adhesive secures the roll for use and allows the flooring to be removed when needed.
<u>Textured Base:</u>	With a fabric base finish which ads subsurface traction, the runner's bottom surface helps secure the Coin-Grip runner mat to the floor, even when adhesive is not present.
<u>Custom Cuts:</u>	The Coin-Grip can be purchased in any length. Being a sheet good, it can be custom dye, laser, or waterjet cut to match any dimension or size required. It could also be easily cut using a utility knife on location, to meet any dimensional requirement.
<u>Cleaning:</u>	Since this product offers moderate chemical resistance, it can be cleaned with most common household cleaners. Strong, highly caustic cleaning solutions are not recommended.
<u>Availability:</u>	The Coin-Grip is always in stock, and will generally ship the same day (allow 24-48 hours for custom cut lengths).

Price

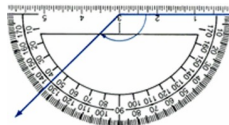

Thickness x Width x Length

	<u>Price</u>	<u>Availability</u>
3mm x 48" x 50ft	\$306.00 per roll	Generally in stock
3mm x 48" x custom lengths	\$8.50 per linear ft. (custom lengths up to 50ft)	24-48 hour fabrication time
6mm x 48" x 50ft	\$445.00 per roll.	Generally in stock
6mm x 48" x custom lengths	\$10.00 per linear ft. (custom lengths up to 50ft)	24-48 hour fabrication time
