<u>Indoor/Outdoor:</u>	The high content of EPDM, a UV stable elastomer, in Recycled Rubber makes this product ideal for indoor and outdoor applications.
<u>Cleaning:</u>	This product can be cleaned using any everyday household cleansers or cleaning implements. Indoor cleaning involves a broom, damp mop, or a vacuum. For outdoor cleaning a water hose, leaf blower, or broom is sufficient. If desired, a mild detergent can be used to sanitize the surface.
<u>Sustainable:</u>	This product is made from recycled waste tires!!! Over one quarter of these currently end up in landfills. What better idea could possibly exist than converting these same spent rubber tires into a surfacing product to beautify your floors?
<u>Custom Cuts:</u>	Recycled Rubber can be purchased in any length up to 50 continuous feet in half-foot increments. It is available in 48-inch widths but the length is a function of your needs and requirements. We will custom-cut this rubber floor to fit your specifications.
