| <u>Non-Slip Texture:</u> | Our Tuff-n-Lastic rubber floors are designed as a versatile non-slip surface that is ideal for any application. The grip enhancing surface textures of this roll add anti-slip safety to walkways that are otherwise left unprotected. Slippery work settings can create unsafe and potentially dangerous environments. Using this very affordable rubber mat can protect property, business owners, and employees from hazardous slips and falls. An affordable and durable rubber floor is a cheap insurance policy for any entity or business. |
| <u>Temporary Installations:</u> | For semi-permanent applications this durable rubber roll can be held in place with a double-sided carpet tape making for a simple and easy installation. |
| <u>Fabric Finish Sub-Surface:</u> | Our Tuff-n-Lastic mats are designed with a textured fabric finish on its backside. This enables the mat to grip any floor more effectively while reducing the chance of the mat slipping or moving around. |
| <u>Tough Runner:</u> | The aptly named Tuff-n-Lastic is not only designed to last but is also incredibly tough! Made with reclaimed rubber, this product will do well both indoors and outdoors. It has good resistance to UV rays and outdoor elements. Unlike carpet mats, this is a rubber runner that will last more than one season! |
| <u>Custom Cuts:</u> | This affordable rubber runner is offered in 48inch widths and can be purchased in any length up to 50 continuous feet in half-foot increments. |

Cleaning:

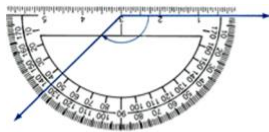

The Tuff-n-Lastic Rubber Matting's resilient surface resists common liquids and is an excellent watertight surface that will prevent the growth of mold and mildew. In terms of cleaning, any common commercial or household-cleansing agents are effective. The runner can also be hosed or mopped in outdoor environments.
