

# Elephant Bark Step Mats

Specifications  
January 2025

|                                 |  |
|---------------------------------|--|
| <u>Description:</u>             | A recycled rubber stair tread mat made from 100% recycled rubber ingredients. This step mat is available in 5mm thickness in two sizes and are sold in 6-packs. Elephant Bark provides excellent UV protection due to the high content of EPDM, making this rubber step mat excellent for indoor and outdoor stairs.   |
| <u>Material:</u>                | 83% Post-Consumer Recycled Rubber Content  |
| <u>Available Colors:</u>        | Black  |
| <u>Sizes:</u>                   | 10" x 36" and 10" x 48" (Sold in 6-packs)  |
| <u>Thickness:</u>               | 5mm or a hint over 3/16 inch   |
| <u>Weight:</u>                  | 10" x 36" 2.4lbs per mat, 14.4lbs per 6-pack<br>10" x 48" 3.2lbs per mat, 19.2lbs per 6-pack   |
| <u>Hardness:</u>                | 60 Shore A Nominal   |
| <u>Applications:</u>            | Indoor or outdoor stairs   |
| <u>Ultra Durable:</u>           | Elephant Bark Rubber Step Mats is designed to withstand the most abrasive conditions. It is designed for heavy-duty commercial applications as it is made from recycled rubber. This product is specifically manufactured with durability in mind. Since these rubber step mats are made from recycled tires, they are made with the highest quality rubber products and offer excellent outdoor life. The rubber is moisture resistant and will not be affected by water of any volume. These recycled rubber stair treads also exhibit the same outstanding weathering and UV resistant qualities that rubber tires offer. If left alone tires can last in landfills for years (that is not a good thing!) but when turned into rubber step mats this characteristic is highly valued. |
| <u>Outdoor:</u>                 |  |
| <u>Permanent Installations:</u> | Elephant Bark Rubber Stair Mats can be permanently adhered to a hard subsurface by using a polyurethane adhesive. Please contact customer service at 1-844-Rubber-4.   |
| <u>Temporary Installations:</u> | Recycled rubber step mats can be adhered to wood or concrete stairs using a double-sided tape. This is the preferred method of installation since it is easy, quick, and reversible.   |
| <u>Cleaning:</u>                | This product can be cleaned using any everyday household cleansers or cleaning implements. Indoor cleaning involves a broom, damp mop, or a vacuum. For outdoor cleaning a water hose, leaf blower, or broom is sufficient. If desired, a mild detergent can be used to sanitize the surface.  |
| <u>Custom Cuts:</u>             | Custom produced sizes are available. If you have specific requirements and need the product in dimensions other than what is noted here, please contact customer service for help.   |
| <u>Availability:</u>            | The Elephant Bark rubber step mats are always in stock and will generally ship within 24 hours.  |
| <u>California Prop 65:</u>      |  <b>WARNING:</b> Cancer and Reproductive Harm - <a href="http://www.P65Warnings.ca.gov">www.P65Warnings.ca.gov</a> .  |
